Invitation For Bid
GSA-015-26
Remove and Replace A/C Package Unit(s) (IDIQ)

Questions and Concerns Received from JWS Refrigeration & Air Conditioning, Ltd. on April 23, 2026.

1. We formally request information on whether we can conduct a site visit to assess the current site conditions, inspect the existing unit, verify the configurations and specifications of the package air conditioning units to be replaced.

Response: A Site Visit was conducted on May 1, 2026. A second Site Visit is scheduled on May 14, 2026, 9:00am. Refer to Notice To All Prospective Bidders "Site Visit".

2. We would like to formally request information regarding the as-builts, the equipment schedule, or a comprehensive list of the units designated for replacement.

Response: There are no existing as-builts. Refer to page 45 and 46 of 49 for the initial units designated for replacement.

Questions and Concerns Received from Shinko Pacific, Inc. on April 29, 2026.

1. Bidder question: Section 3.1 indicates dimensions of rectangular duct opening(s). For bidding purposes, bidder would like to request required lengths for all measurements in Gauge 26, 24, and 22.

Response: See Amendment #2.

2. Bidder question: Section 3.2 does not have any indicated dimensions of per 1 ft basis. Bidder would like to request for full dimensions/measurements required.

Response: See Amendment #2.

3. Bidder question: Section 3.3 indicates 4 x 8 panel. Bidder would like to clarify the intended term refers to a sheet. Second portion of 3.3 indicates 4 x 10, however, local vendors only supply 4 x 8 sheets at most. Would GSA accept off island procurement of 4 x 10 sheets?

Response: See Amendment #2.

4. Bidder question: Will there be any site visits conducted? Bidder would like to request for existing dimensions of transition ducts indicated on 1.1 and 2.1.

Response: A Site Visit was conducted on May 1, 2026. A second Site Visit is scheduled on May 14, 2026, 9:00am. Refer to Notice To All Prospective Bidders "Site Visit". Department of Administration does not have dimensions of transition ducts.

Please Note: Follow up/Clarification to the Questions and Concerns responses dated 05/07/2026 must be submitted to the General Services Agency via email to bids@gsadoa.guam.gov no later than 5pm, Friday, May 8, 2026.
