 GSA-018-25
 Hybrid SUV/Crossover Vehicle (Latest Model)

Questions and Concerns received from Triple J Enterprises, Inc. on March 10, 2025.

1.) TIRES : STANDARD SIZE; SPARE INCLUDED : page 39

Due to the type of vehicle being a Hybrid and the size of the battery requiring placement in the space where the spare tire is normally located, there is no additional space to store a spare tire, thus, the manufacturer's recommendation is a mobility kit.

Please amend to read "spare or mobility kit included"

Response: No. Specifications remain the same.

Questions and Concerns received from Auto Spot on March 10, 2025.

1.) Will a full electric vehicle be acceptable?

Response: No. Specifications remain the same.

Please Note: Follow up/Clarification to the Questions and Concerns responses dated 03/12/2025 must be submitted to the General Services Agency via email to gsaprocurement@gsadoa.guam.gov no later than 5pm, Thursday, March 13, 2025.
