143rd COVID-19-Related Fatality Reported

The Joint Information Center (JIC) was notified that Guam's 143rd COVID-19-related fatality occurred at the Guam Regional Medical City at approximately 9:11 p.m. on Sunday, July 18, 2021. The patient was a 75-year-old female, vaccinated, with underlying health conditions. She tested positive on July 7, 2021.

“To her family and friends, Jeff, Josh, and I express our heartfelt sympathies,” said Governor Lou Leon Guerrero. “We must continue to face this deadly virus head-on but we cannot do it alone. Each of us plays a crucial role in this fight. By getting your vaccine, you can help block this deadly virus from penetrating our community and harming those we love.”

GBHWC Crisis Hotline

The Guam Behavioral Health and Wellness Center (GBHWC) has a Crisis Hotline available 24/7 at (671) 647-8833/4. For those feeling anxious, stressed, overwhelmed, or need to talk to someone, GBHWC has experienced providers available and ready to assist the community with any heightened stress and anxiety experienced as a result of COVID-19.

UOG Fieldhouse Vaccination Clinic to Close July 31

The COVID-19 vaccination clinic operating at the University of Guam (UOG) Fieldhouse will be closing on July 31, 2021. The community is encouraged to schedule appointments now through tinyurl.com/vaxguam or visit the UOG clinic as a walk-in by or before July 31, especially for those who are due their second dose.

COVID-19 vaccination clinics will still be available to the community through expanded efforts by the Department of Public Health and Social Services (DPHSS). Expanded operations will run through August and September at the Community Health Centers (CHC) in Dededo and Inalahan and Micronesia Mall. Residents continue to have the option to visit their private clinics and pharmacies who are enrolled providers of the COVID-19 vaccine to get their COVID-19 shots,

as well as request homebound visits for the COVID-19 vaccination. For a list of updated locations and schedules, please visit dphss.guam.gov/vaccinateGU.

DPHSS reminds residents that the federal government purchased the vaccines and COVID-19 vaccines are provided to patients at no cost. Residents are advised not to pay any out-of-pocket expenses for the COVID-19 vaccine.

The COVID-19 vaccines from Pfizer-BioNTech and Moderna require two doses. Residents will need a follow-up dose to be effectively immunized. The recommended second-dose date is three weeks or 21 days after a first dose of the Pfizer-BioNTech vaccine, and four weeks or 28 days for Moderna.

Further, if you are overdue for your second dose, the CDC says an interval of up to six weeks is acceptable. Residents who are overdue for dose two of either the Pfizer-BioNTech or Moderna COVID-19 vaccine are encouraged to complete their vaccination series. The Johnson and Johnson/Janssen is a one-dose vaccine to be fully immunized.

For the latest information on COVID-19, visit dphss.guam.gov or guamrecovery.com. For inquiries on COVID-19, contact 311 through a local number, or call the Joint Information Center at (671) 478-0208/09/10.
